

The Heist

Teams get stronger under pressure

The game is inspired by popular movies “The Heist”, Ocean’s Eleven” and “The Italian Job”.

Individual experts in crime have been secretly contacted to collaborate in “The Crime of The Century”. Teams are to consolidate tools, schematics and wit to rob the bank at night where the world bank would undergo a 60 minute window system maintenance which would leave the bank with minimal security measures.

With this window teams must be able to plan and scheme to get into the bank compound steal the gems under the dead of night, without a trace, without a sound.

Want to see how your team will perform under pressure?

Learning Outcome: Project Management | Positive Team Culture | Creativity & Innovation | Productivity & Time Management | Bonding through Shared Fun Experiences | Performance under pressure
